The Story:

I spotted that Lucie was new to GFE and was immediately drawn to her by her pictures on the website.

Although I arrived slightly earlier than my booking I didn't have to wait long before Lucie took me upstairs to the room which we would be using at this point I took advantage of the offered shower, whilst Lucie went back down stairs.

Having dried off Lucie returned and we got down to business a quick back and front massage, then Lucie divests herself of her red bra and shoves her big boobs into my face, nice.

Then the panties come off and she is fingering herself, spreading her pussy open, Lucie stands over me and slowly lowers her cunt on to my face and I bury my tongue deep into her sex, wow what a delightful pussy this girl has got.

Having ground herself into my face, we switch to 69 for more oral, God her pussy is nice and does she liked to be eaten out, as next she has me eating her out as she lies on the bed, again grinding her pussy into my face.

Time move onto the sex, unfortunately once the old rubber hat goes on the old fella decides he's not happy and starts to sulk, but we persevere and manage to do some doggy and then with some encouragement reverse cowgirl.

The final act is me wanking off as Lucie does the same.
