New apartment block. Secure entry with details texted once outside. Apartment perfectly clean and looking nicely girly lived in. Shower within bath and selection of soap liquids.

### The Lady:

Emily is a lovely young blonde girl with a very neat figure and a captivating face. Her English is good and she is thoughtful, straightforward and sexy without putting on anything false in her manner.

A dreamboat.

### The Story:

Surprised this much=praised girl was free when I rang her. Simple text comms with prompt replies and information.

Greeted at apartment door as if I had called in for a cup of tea - and yet this was a beautiful young lady with not many clothes on and perfectly at home with the prospect of having sex with me.

Sorted money and had shower.

We got on the bed and Emily started to hold me and nuzzle my neck. She then got in position to suck me (with this time) and in stages got herself in a position where I could handle her very nice, neat boobs and then her crotch with and then without pants.

69 involved her energetic sucking and a lovely rear end of Emily letting me get right at her pussy (fingers inside not wanted but said simply and politely).

Once or twice she gave herself a breather which involved her sitting up which sent my tongue right up her pussy and if it was long enough my nose would have been three inches up her bum. A lovely way to suffocate.

We had sex in missionary and cowgirl and other positions would have been available had I asked.

I just enjoyed being with this lady let alone all that we did. She is very easy to be with and I loved that. No time pressure and it was me that wrapped up the session. Got a text afterwards saying 'It

was nice'. Lovely.
