### The Premises:

Clean, well organised, discreet, easy to park - no wonder it's so popular.

### The Lady:

Photos on website are accurate but don't really do Poppy justice - she is something special! A pretty face with a smile that really lights up, curves in all the right places and a pair of boobs that simply defy gravity. Has a great way of putting you at ease, happy to chat or stay quiet and leave you with your thoughts if that's what you prefer.

### The Story:

Second time I've seen Poppy and it won't be the last. The really great thing about her is that she actually knows how to give a fantastic massage. I was looking for someone to work out all of the knots and she delivered, leaving me feeling like a new man. She has such a fantastic touch and she could tell, without a word from me, which areas were giving me grief and really went to town on them. To cap it all off with a happy ending that left me with tingling hands and struggling to stand (in a good way) was just the icing on the cake!
