The Premises:

Dingy flat in Beaconsfield. I didn't know Beaconsfield had such dingy premises, as it's mostly very nice.

The Lady:

Based on the tattoo on her forearm, it is the girl on the profile. She was bigger (taller) than I expected (not fat, just tall) and looked attractive enough. Big breasts and a curvy figure.

The Story:

I was a bit suspect as only after I booked the meet, did I realise that this girl had hidden her feedback on AW - usually a deal breaker for me, however, she sounded pleasant on the phone and I was quite prepared to walk if I entered the flat only to find a girl who didn't match the profile pictures.

She was the girl in the profile, and attractive enough. Also quite chatty and friendly.

She gave a very good massage.

I asked for CIM and was told that this was included in the price, which I would expect for £160, so fair enough.

After a nice massage, she asked me to turn over and then went straight for oral. There was no GFE involved or any other preamble, just a simple suck and fuck.

She was wearing an all in one, fishnet body stocking. I wanted to see her naked body to get me in the mood, even though her nipples and labia were poking through the gaps in the material. I said "Is it possible you can take that off before we have sex?" and she replied "Not really."

Weird - why not? Was it holding her together or something?

She didn't ask me for any input on position, just simply straddled me in a reverse cowgirl and began to go through the motions. She then got off and asked me if I wanted to do doggy, before CIM. I don't particularly like doggy, so I asked her to turn around and do normal cowgirl, so I could get an eyeful of her great tits, but I wish I hadn't.

Seeing her face during coitus was quite off putting. She was clearly going through the motions and made no attempt to pretend otherwise. To her credit, she did happily slip off and take the CIM like a good lass, but it was a very mediocre experience from start to finish.

She popped out to clean herself up/spit out my jizz then returned to ask if I wanted more massage, to which I replied in the positive. She then had to "go and check how long we had left" which I thought odd, since we were barely 25 minutes into an hour booking.

She came back, did a bit more massage, then after ten minutes, asked me if I wanted a shower. It was clear I was being booted out after just over half of my paid for time.

In the end, I was ushered out the door within 40 minutes of a 1 hour booking. That's totally not cool in my view, especially not for £160 per hour. You can't charge a premium price and offer such a shoddy and short service. I usually expect to pay slightly higher for English girls, rather than EE, but I also expect a standard of service.

I won't be visiting her again and I would suggest others to look elsewhere.
