The Premises:

The Lady:

A tall, (5ft 9) slender, very well educated English blonde lady with a natural C cup bust and nice long legs. Lovely soft skin matching photos on website. An English Rose with a lovely face. Very much a cheeky girl next door. Very pretty and attractive.

The Story:

I am not one of those guys to be over explicit but once Charlotte enters the room you will know you have made the right decision! If you want to experience a classy leggy lady that offers a seductive girl friend experience this is the lady for you. Very easy to chat to. Charlotte takes her time as you unbutton/unzip each others clothes! Lots of touching, passionate kissing and eye contact. Her oral and love making skills are second to none. I feel very comfortable with this lady and she gives the impression that she also enjoys the experience and male company. I never felt that we were going through the motions. I would definitely recommend if you want a sensual experience with a charming, well educated sexy English lady that is very attractive. I don't think I can say anymore than suggest you order Charlotte in!! You won't be disappointed!!
