The Premises:

The usual place near the shopping centre, safe and plenty of parking.

The Lady:

Brunnete, very tall, very nice looking.

Pictures are good likeness, but perhaps don't convey her natural beauty and height.

She was wearing a little bit of make up, enough to enhance a wonderful face, but not too much, so just right.

While TITs were average size (not small, nor whoppers), they were natural and perfect for me,

Lovely lightly tanned body.

Hard not to want to shag her on sight.

Beautifull face, great arse.

She has brilliant eye contact, and the full GFE experience

The Story:

Was treated to gentle kisses at start, it's a real turn on for me: tall ladies.

OWO was lovely, very good technique.

Plenty of fondling.

On with the protection, good technique.

It usually takes a little while to get me going, as I am a little bit older.

But no problems today the combination of gorgeous woman and her brilliant technique, got there well within time.

She is one of the best rides I have had. Lovely and tight, and great technique, wow.

Want to go back, and shag her again.

Very do able as she is gorgeous.

Angel thank you.
