### The Premises:

Infinity is a lovely place to visit, it's a bit out of the way but if you wish to be discreet with your visit then it's very helpful. It took me a little while to figure out how to get inside, i actually walked round the entire block before realizing that the large green metal gate i thought was locked was not and was infact the way inside. Embarrassment aside the inside of Infinity is wonderfully cozy and the staff i met there were very polite and a genuine pleasure to chat with. Complimentary drinks are provided (non alcoholic of course) which was a nice bonus.

### The Lady:

Candice is a real charmer with her soft seductive african accent as well as very beautiful. I would however say that she is not as young as she looks or as her details state on the website. 27? i dont think so, more like mid-late 30's but that definitely doesnt matter for Candice is a very sexually open and beautiful woman. If she is older than the website states, then she's aged like fine wine.

### The Story:

I was shown the room i was to use, which was very large, warm and comfortable. The shower was large enough for at least four people to play around in which was great. I dried off and waited for Candice to enter, my manners at the front desk must've paid off because when Candice entered she told me she had been ordered to take "special care" of me which i liked the sound of. She started by giving me a massage, the woman has a nice touch but soon she had me on her back and wrapped her soft hands around my cock. She had a lovely smile but said if i wanted oral without a condom it would be an extra tenner, why not i thought and it was totally worth it to have her luscious black lips around my white flesh. Candice isnt the best at giving oral i've ever had and she was a little rough, but i still think it was worth it. I was feeling a little nervous with her which she could clearly tell but she was polite about it and tried her best to make me feel at ease. Her efforts were not helped by the fact that we had annoying music playing in the background. i had tried to switch the damn thing off before she arrived, only to be told on my way out that the music is on permanently but it can be turned down very low from the central desk if you wish it. Wish i had known that as it was incredibly distracting. Candice and i shared a good half hour trying out all sorts of positions, she especially liked it when i gave her oral and planted kisses upon her legs and feet. Whilst she has a nice figure and pretty face her breasts were definitely not her best feature, infact they seemed a little saggy, but then again i was more preoccupied with other parts of her anatomy.

Once done we took a shower together which was wonderful in itself, we hugged each other goodbye and she told me that since i was such a nice lad she looked forward to seeing me again some day. Candice is a real dark angel and it was a real pleasure to be with her, if you want a lovely mature woman who can be both passionate and sensual whilst also being open and patient then she's your woman.
