The Premises:

Reasonably anonymous house in suburban street. A bit rough outside but clean and welcoming in.

The Lady:

Pretty much as you see on AW (for a change!). Late 20's slim, pretty with a nice body. Raven hair down to her bum. English isn't great but I wasn't after a conversation.

The Story:

The best punt I've had in a long time. I had a shower before we got the finances out of the way by which time Cleo was undressed and wrapping herself around me. We DFK'd for a while before I had to taste the rest of her body. Unfortunately I was unable to make her come with my tongue and fingers but enjoyed trying. Having surfaced I thought it only fair that Cleo return the favour. She claims to be an "oral Specialist", a boast I took lightly until she swallowed the old man whole and kept him there for what seemed like ages. Wow, this girl deep throats like no-one I've ever met before. We tried all sorts of positions including her lying on her back with her head over the end of the bed and me fucking her throat. Let me be clear, she encouraged this, forcefully pulling me into her! After a while she must have gotten jaw ache and encouraged me to finger her pussy whilst kissing her neck and boobs. Again, I was being gentle but she grabbed my hand and got me to fuck her pussy with my fingers as hard and fast as I could. Amazing. After a while she reached for the mac and we managed a few positions but inevitably I flagged due to 1. exhaustion and 2. the lack of sensation with a condom. Shame because her arse has clearly seen plenty of action and I was keen to sample that too. Never mind, next time.

She finished me off with an oily hand job whilst nibbling my nipples and got thoroughly coated in cum for her troubles.

A fabulous time with the most obliging, dirty and talented woman I know.
