The Lady:

After poring over Jans photos on her website I was very pleasantly surprised how she measured up to them. Early fifties with the body of a much younger lady, wonderful nipples and a very sexy pussy as well, she has a lovely smooth bum also.

The Story:

After a disastrous experience years ago I was very apprehensive at this visit, I shouldn't have worried Jan met me as if we had known each other for ages. There is a saying that when the balls are full the brains are empty, when I left my brain was scrambled and the balls were empty, I am saving up for a return visit as Jan I would like a return visit please - and thank you for your kind understanding.
