Have no idea. We never met.

The Story:

No experience. She refused to answer her phone when I rang her.

I made a booking with this person by phone. We had exchanged emails, discussed a scenario and she told me to get to South Croydon station and call her when I got there.

I travelled quite far to get there and when I did she did but pick up her phone. She did not answer texts.

Complete waste of time and the kind of inconsideration shown that gets escorts a bad name.

There are lots of genuine and wonderful escorts on AW and I had to pick this one.

As a test. I asked a punter friend of mine to make contact and could you believe it. Although my friend did not actually go to South Croydon (he only rang and said he was at the station) she treated him in exactly the same way.

I can only assume this person is a fake and if not. She should be contacted with caution.
