### The Premises:

### The Lady:

April is British Asian, around 5-2. She looked particularly attractive, I thought, with some subtle red highlights in her long, black hair and she was wearing a black evening dress that suited her body very well. Her pictures are heavily blurred on the agency website (to protect her privacy as she works as an escort part-time), but to my mind she has very pretty and cute features: enticing, bright brown eyes, a little snub nose with a small stud, and a full, generous mouth. The pictures suggest a slimmer figure than she possesses, for she has delightful womanly curves.

### The Story:

This was my second meeting with April. I had enjoyed our previous meeting very much, and so as soon as I returned to London I arranged with the Agency to meet her again. We had a decent chat to catch up with life before beginning a little game I'd devised: a trivia quiz, where a wrong answer from April resulted in a punishment and a right answer provided her with a reward. Ultimately, the differences between punishment and reward rather disappeared, but initially the punishments required that she took off her clothes one item at a time and endured a little mild spanking before allowing my hands to roam over her body, while the rewards included red wine and some kisses from me! She was then rewarded with some RO which she vocally enjoyed, and this developed into 69 as I added in some manual manipulation of her pussy as well as a little anal play while April gave me OWO and her fingers explored my nether regions. Suitably excited, I straddled her body and came over her generous breasts. We then snuggled up and chatted some more, in a little world of our own, nearly forgetting that April had a car waiting! A lovely and natural girl, very warmly recommended.
