### The Lady:

Poppy Is bloody wonderful. Late 40's, blonde and very busty - EE cup. A curvy size 12, pretty and friendly. 5'6" and taller in heels. Dressed in fish-nets, heels and a basque. She is experienced and knows what to do.

### The Story:

I waited nervously upstairs for Poppy - I'd arrived early and I was wishing the minutes by as I wanted to meet her - only heard of her by recommendation and not met before. Wearing a hole in the carpet by walking to and fro - clock watching waiting for Poppy to arrive. Suddenly I heard the lift of doom creak into action and I knew it was game on. Do I sit? stand? offer a handshake? all these thoughts zipping through my head. I need not of worried as Poppy met me with a big grin and threw her arms around me and DFK me and said "Hello" in a cheery voice!

She looked stunning and my cock said "Mate I'm quite happy to offload now". She was stunning and it was a real effort not to 'finish' there and then upon site of the gorgeous Poppy. Much thinking of her impending arrival had me hard and walking around with a stiffy for 10 minutes before her entrance. She slips out of the basque and her nipples stiffen via a gentle nip or 2 of her slender fingers. She does mine as well and reaches for my cock and her silky smooth hands give my cock a cheeky rub. On to the bed and much dfk and fun begins. It was a real effort not to blow my load early on. Poppy being experienced had took me to the brink and back several times. My bollocks were swollen and fit to burst, she knew this and made me last the full 30 minutes. The ending was explosive. She rubbed and tugged on my cock, her tits in my face, one hand tweaking my nipples and whispering into my ear "Give it to me baby, blow for naughty miss poppy!". Fuck me. She got that alright and more besides. I erupted; my bollocks shooting it's pent up load everywhere. They still ache a few hours on.

Brilliant, just brilliant.
