The Lady:

English, attractive in a girl next door sort of way, mid 20s, dark hair, slim - medium build, small breasts, shorter than average in height, closely cropped pubic bush, a few tattoos which ordinarily would have been a deal breaker for me but the rest of her made up for them.

I pretty certain she's the girl in the photos on MKE's website.

The Story:

Kelly's been on my radar ever since her profile first appeared on MKE's website. My punting instincts were telling me that it'll be a very good experience and once again they were proven right. This was affirmed by the dynamics between us as soon as she entered the room as I immediately felt very comfortable in her company.

Proceedings started in the usual way with a kiss which soon transformed into a passionate dfk. She offered to undress at that point and when naked, resumed with more dfk. After a couple of minutes, she asked whether I wanted oral with or without. Without I responded and she moved downwards to take me in her mouth. Her technique was so good that I had to stop her in case the fun ended there and then.

Onto the bed and into frottage accompanied by more dfk, then ro, fj then on with the rubber for cowgirl, then off for owo cim finish all enthusiastically delivered in a natural sort of way.

The description on MKE's website accurately sums her up:

"Kelly, Cute As A Button Petite British Nymph. Kelly Is A Very Naughty Little Girl!! She loves to

Satisfy and Her Sexual appetite Makes Her Hungry For Sex. Kelly is The Cute British Girl Next door You All Want To Fuck."

Concluding, this experience ranks highly in the premier league of incall providers and I definitely would want to see her again soon. I'm surprised there are no reviews against her profile.
