The Lady:

She was very dressed "down", in tracky bottoms and a hoody. She had to meet me at the lifts of the hotel, because of the security keycard system. When we got to her room and did the paperwork, I noticed that she has quite bad teeth, which you don't see obviously on her profile pics. Other than that, she's tall and quite thin, with small breasts, not really womanly at all.

The Story:

It was my fault for not taking enough time to properly research a punt (again), and when I got no reply from one or two other ladies in the Heathrow area, I contacted her. Don't believe her Adultwork feedback, she was terrible. Very cynical, mechanical, not into it at all. I wish that I had walked. Don't waste your money or time.
