The Premises:

Unbelievably posh house in rural basingstoke. Long gravel driveway up to a very nice house, new obligatory black Range Rover on the drive.

The Lady:

This is where the problems really start. In the flesh, I'd estimate that Gena, is at least 15 years, if not 20, older than those on her website, and Adultwork profile. She must be in her early 50's, but still petite and slim.

The Story:

I came across Gena's own website some years ago, and you'd have to admit, it's very impressive. All the info and pictures (and indeed testimonials/reports) make it quite compelling. So when I was working down in the area, I found her Adultwork profile, and then her website, I was determined to see this lady, and thought it would be well worth the 90 quid for half an hour.

I was tremendously disappointed, and felt extremely cheated, because of her deception. As I said in her description, she is much, much, much older than she was when her pictures were taken.

Why I went through with it, well I was tired, having driven quite far, and the anticipation level had been very high for more than an hour, but really I should learn a lesson from this experience.

What I also resented was that I paid 90 quid, when I should rather have walked, and this lady is definitely not short of a quid or two. So I felt right ripped off. Don't make my mistake, NOT recommended at all.

Sorry Gena, it's a No from me.
