The Premises:

The flat was actually the nicest & cleanest flat I have ever seen from a WG so far. Really easy to find and only a short walk from the Underground.

The Lady:

Pretty accurate physical description from the agency website, photos listed were also accurate.

The Story:

Sorry but I just cannot recommend this escort, I ended up only staying for a few minutes. She is cute & attractive but it pretty much ends there. Once she got the payment I was ushered upstairs alone to take a scolding hot shower and there didn't seem to be any adjustment on the water temp. Once back inside the room she then went over a somewhat familiar routine of all the things she does not do and the very few things that she does do despite what is listed on her internet profile. This seems to be a tactic used by certain type of girls I have run across without slamming any particular nationality....sound familiar to anyone else?? I wasn't happy with the very limited selection of items on her "will do" list so I just elected to leave and so there was no argument I let her keep the money which is probably just making it worse for others and it might be what she is counting on punters to do. She has only been in UK for 2 weeks and leaves in September, so I got a hunch she is just here to make as much money as possible without actually doing anything for it and then scooting out the door back to Russia in 2 months time not worrying about any unhappy customers left behind. Punters beware of this one!! Huge favorable comments for the hard working people at Perfect London Escort Agency. When they heard I left in the first 5 min the rep worked very hard to match me with a different escort and did a really fantastic job helping me find a perfect match for me. I still had to pay full prices but learned some valuable lessons along the way.
