### The Premises:

Nice and clean flat at the top floor not far from Baker street station

### The Lady:

Not exactly as her pictures, really slimmer (skinny ?) but a natural girl

### The Story:

I really believe that I would enjoy my time with her as she came with recommendation from a trusted source... I couldn't have been more wrong !

Her physical appearance is less attractive than the picture maybe because she's way slimmer than what I thought... She's still attractive don't get me wrong but less sensual.

After the usual greetings, payment and shower I found that I was with a really shy girl... Feelings reinforced by the glass of wine (to get courage ?) already emptied but it was past 8pm (she was a little late for the start to be ready to receive me) so I did not think too much at the time.

Then the serious part... Well I have to admit I had to leave after an hour I wasn't having a good time at all... In fact I was having a really bad one... To sum-up I was under the impression at the time to be hurting her physically and psychologically... I never did that to a woman and I never will but the sentiment was here and stayed with me up to the end.

Of course I've had the "I'm coming" after a few second of intercourse which in the contrary to boost moral (i.e. I'm giving her pleasure...) was giving me the impression that she wanted it to end as soon as possible because I was hurting her... I wasn't here for that... I've asked her if she wanted me to leave, and countless times if she was "OK" but I could only feel worried and disgusted with what was happening... So I told her what I was feeling, she took it not good obviously but after texting Bijoux to tell them the situation I put my clothes back on and left in a very cold ambiance...

So can I recommend her ? NO, if she thinks that I too ugly for her (I'm a late 30s regular fit guy) she could have send me on my merry way I'd not have been as upset as I was afterwards !

I did send a couple of emails to Bijoux to explain everything and get some answers but I've never

received any feedback.

To her credit Amelia was kind enough to consider giving me some money back in compensation of the short booking.
