The Story:

I had arranged an appointment at 3:30pm and arrived at 3:27. Texted her as requested but no reply was forth coming. At 3:35 I texted again and this time got a reply asking me to wait 10 minutes, which I duly did. At 3:55 I texted again to say that I would have to give up shortly, and got a message asking me to come round to number .

I did and was met by anelisseee who showed me into the bedroom. (It didn't appear that anyone had just left, I think she just couldn't be arsed earlier). I had been meaning to have a one hour session but in view of the time went for 30 minutes (thank god). Undressed and the session started with her putting a condom on me (oral without was not available) and doing some perfunctory oral. She then asked if I wanted to fuck so moved to that, but she kept her hand in the way to stop anything but minimal penetration, claiming it as her period. After about 2 minutes she then asked how I wanted to come. By this time I was as eager to get out as she was to have me go so she finished me off by hand.

An attractive woman but, at least on this day, so unenthusiastic (indeed, actively hostile) that I could not recommend her.
