The Premises:

Quiet residential street. Nice clean, well-maintained flat with bath and shower facilities.

The Lady:

Mistress Stella is young (early 20's), jaw-droppingly stunning, insanely voluptuous with strawberry blonde hair and an amazing personality. She makes you feel comfortable and at ease straightaway.

The Story:

From the very moment I saw Mistress Stella on her website, read her "Nasty Nurse" blog and chatted on e-mail to book today's session I knew I was going to be in for a treat and boy was I right...

I want everyone to experience Mistress Stella for themselves so I won't give too much away but this might give you a taster of what you could expect in a session :

After picking my jaw up off the floor having been welcomed by Mistress Stella in high-heels and a tight white shirt ready to burst with her cleavage, she offered me a drink and we sat down to chat about the session in more depth, agreeing on a medical scenario where I'd be a young man coming for a full physical examination from a very attractive nurse and it started with her blindfolding me and whispering in my ear what "procedures" I'd be experiencing during this exam. Being blindfolded was amazing as my senses were heightened and every touch and intimate examination felt electric.

Nurse Stella skillfully and repeatedly teased me by bringing me to the edge and then alternating with a stern punishment (spanking over her knee) and a reward (worshipping her mind-blowingly beautiful big breasts).

Throughout the session Nurse Stella made me feel like I was in an actual hospital being examined (and dominated) by a real nurse, except this was a million times better!

Finally, having tried to control myself for over an hour, Nurse Stella milked me dry while stimulating my prostate (totally necessary for the exam, of course, to make sure everything is in working order).

Afterwards we had a fun chat and "debrief" with a glass of champagne which was very welcome as I had to chance to recover from the mind-blowing full body orgasm induced by Nurse Stella's expert technique.

Without doubt my experience today was one of the best experiences of my life, I'd recommend Mistress Stella to EVERYONE and I'm already planning on "coming" back for more very soon.

Phenomenal! Best £300 I've ever spent.
