### The Premises:

I have been here a few times now and the place and atmosphere is really good, always greeted with smiles and friendly chat, good coffee too.

All rooms are well cared for and the feeling you get is one of total professionalism and real quality.

All communication is handled in the same vein and I can thoroughly recommend Ego.

All the ladies I have met reflect the quality of the establishment too, very friendly, happy in their work and very good too, many of them travel a long way to work here and for me that says a huge amount about the place.

### The Lady:

What can I say, a picture may paint a thousand words but this lady is better than all of her pictures, if you like stick insects she is not for you, but if you like your ladies to look and behave like ladies then this is your right choice. Tiffany is one of the best from the best place I have found in the UK. I also travel the world and have been to such places from Moscow to Bangkok and I have to say this lady has more personality, good looks and better attitude than I have found in many years of traveling.

Her biggest asset is her smile, which is surprising, as she has a few other outstanding ones too.

### The Story:

From the front door to the room is always nice here, the maids are also great, always chatting, offering coffee and putting you at ease.

I am not going to spoil your visit by giving graphic details, all I will say is that Tiffany does the normal stuff very well, but she also does a few things that are pretty unique and wonderful.

She rocked my world and if you can book her, she will rock yours too!
