The Story:

Went to see daniella last Friday and wow, was blown away she is probably the hottest girl I've seen so far. Daniella is warm and friendly and bit on the feisty side. Started of with some light kissing (her breath was fresh there was no signs of ciggies on her) as I took off her bra and started to suck her boobs which were nice and soft. She gave me owo Daniella takes it deep into her throat. I got her into bed split her legs open and started to lick her clit and enjoyed sticking my tongue in her pussy. Then on with the condom and hell can this girl take a pounding . I popped when we were having sex in the missionary position while she was sucking my ears and blowing her warm breath onto them.

Overall a good punt I will be back soon
