The Story:

Josie is very good company. She is confident, funny and talkative. She puts you at ease straight away and soon it feels like you have known her years. Our time fly by.

But fortunately as well as being really good company Josie has a real down and dirty side. She seems to love sex and wants you to enjoy it just as much. She is a wonderful kisser but I have to say her oral is truly outstanding. Josie clearly throws herself into her work and seemed to thoroughly enjoy herself. She is upfront with making suggestions and seemed to enjoy everything. Both the oral and penetrative sex were memorable and I will certainly remember the second round for a long time. I would certainly hope to see her again.

I would highly recommend anyone to see Josie.
