The Premises:

Basement flat in Earls Court terrace a few minutes walk from the tube station. There are two rooms available, I opted for the smaller one. Both are amply equipped. Bathroom also available. Was given a soft drink on arrival.

The flat as a whole is immaculate. Well looked after by the efficient receptionist.

The Lady:

Sarah is an extremely pretty young lady with a face that called to mind Jennifer Aniston. She has a slender figure and a shapely bottom.

The Story:

I initially met Sarah in the big room which she entered full of life, patting the bed to indicate that I should sit next to her and explain what I wanted.

We then moved into the back room where she threw herself into her role with gusto, giving me a thorough scolding whilst disciplining me with hand, paddle and cane.

Having laid on the bed to receive the cane I was instructed to turn over and watch her strip. The way she turned her back to peel off her thong, sticking out her behind was reminiscent of the Retreat's legendary Lisa.

After sitting on my face I was then invited to take her from behind.

Once again an absolutely wonderful visit to the London Retreat.
