The Premises:

Lovely little flat in Marylebone, compact, en-suite, clean, cosy, comfortable, ambient, relaxing. The mirror is in an ideal position. Chilled out music playing softly. Great central location. Easy to find and accessible by numerous bus and tube routes. Perfectly safe and discrete.

The Lady:

LillyCarmen also goes by the name Lilly on 007 and Daphne on Asian Options. She is a beautiful Thai woman. Small, probably about 5'2", slender, petite, with enhanced breasts, which are well done. She has an incredible smile. She speaks English above the average for a TWG in London. She's great company, she's witty, cheeky, naughty, intelligent, great fun, and very, very sexy. She's the lady in the photos for sure, allowing for a little Photoshop. She's incredibly sweet, softly spoken, engaging and utterly charming. Called Lilly Carmen on AW.

The Story:

LillyCarmen is an extremely good SP. She is the real deal, the complete package. I've seen her several times now and every time she's just phenomenal. She does everything I like really, really well (even some things I didn't know I liked!). She tells me she doesn't like anal, so guys who want that particular activity will probably need to look elsewhere. She certainly ticks all my boxes. Her kissing is just wonderful; sweet, delicious, deep dfk, just the way it should be done. Her shared bath is extraordinary, pleasure right off the scale. Among the best I've ever experienced. Her OWO is out of this world, proper dt. I thought I would die in ecstasy. Again, among the very best I've experienced. Same with the sex, in any position. She just performs with such enthusiasm and commitment, she gives so much of herself, it makes the time I spend with her immensely memorable and enjoyable. She also does the FULL works re: pampering, undressing/dressing me, taking the towel from me and drying me after the bath, etc. Sheer bliss.

She's also wickedly imaginative, and continues to surprise and impress me with little touches and things she does. During my most recent appointment, after another incredible shared bath, she went to the bedroom just ahead of me. When I returned to the bedroom after what could only have been seconds, she had put on, in lightening quick time, a sexy schoolgirl outfit. I was approaching ecstatic delirium. As we got down to business on the bed, she asked me in a sweet schoolgirl voice did I prefer bad girls or good girls. I said "Oh baby, bad girls, definitely bad girls". She then did her

best 'sweet innocent' bad girl routine, saying "Teacher, I want to suck your cock," "Teacher, I want you to lick my pussy", "Teacher, I didn't do my homework", etc, etc. As she called me 'teacher' in her cute adorable Tinglish accent, it sounded like she was calling me 'T-shirt', which I thought was hilarious.

I had a tremendous time with Lilly, one of my most enjoyable/pleasurable punts. It was one of those punts where afterwards you just want to sit in a coffee shop for a long time and contemplate, while thinking quietly to yourself 'bliss it was on that sweet day to be alive'. She really is one of the very best girls around at the moment. There is a scarcity of 'star' performers in London at the present time, I'd say only a handful. You could probably count them on the fingers of one hand (even if you were Lee Van Cleef). But Lilly/Daphne is right up there with the very best. I really didn't want to do this review, I wanted to keep her for myself, but that wouldn't be fair. So chaps, go see her. She's amazing.
