The Premises:

Nice apartment close to tube discrete shared entrance

The Lady:

Just like her photos, slim hot body, 5ft 3 all over tan and sex outfit, probably in her late 30's but the body of a 20yr old - gorgeous. Very high pitched voice which is very sweet.

The Story:

I wasn't planning a punt today but I'd wanted to visit Lottie for a while and after a nightmare of a day getting around London with the tube strike on I was tired, hot and sweaty and needed relaxation ahead of my usual train journey back up north. I was greeted by a cute friendly maid who offered me water and gave me a towel after I asked to shower. I spent longer in the shower than normal as I really did need to freshen up.

I returned to the room to find Lottie waiting for me with a welcoming smile and a kiss on the cheek. As we sorted the paperwork work I told her it was worth the visit for a shower alone, she could tell I needed pampering so she got me to lay on my front and gave me a nice massage with lotion while we had a nice chat.

Lottie has a very sensual touch and made lots of nice noises while she gently massaged me from head to toe - soon she took off her bra and started rubbing her body against my back, up and down and gradually parted my legs so she could play with my balls. I remember how relaxing this all felt with the fan blowing cool air between my legs, until I realised it was Lottie blowing her fresh cool breath on my balls and between my buttocks as she moved up and down. I moaned with appreciation and she continued softly blowing my skin all the way up my back and neck, interspersed with kisses and licks which had me rock hard. All the time her hands were massaging me and moved back down. Gradually she started licking between my ass cheeks blowing gently, a rare treat. I asked Lottie if she wanted me to play with her, she said "not until I've finished with you!" Who was I to argue?

Lottie's rimming became more intense as I lifted up onto all fours and she licked me out deeply,

then she applied some lube, gently probing a finger into my arse. I've only experienced this a couple of times before but it was very fulfilling, I asked if it was a finger or a thumb, she said "both!" This went on for a while and she was gentle and sensual, I didn't want to be fingered any harder and I was dying to taste her so I asked if I could play with her. She stood up at the foot of the bed and I turned and sat in front of her so I could peel her panties down while I kissed her hard flat tummy, she turned around so I could kiss her arse cheeks and then lay down on the bed and spread her legs so I could go down on her. Lottie responds well to oral, no fingers allowed inside but after what she'd done for me that's hardly a sacrifice! Lottie also let me lick her out from behind and then span round and took my cock in her mouth. Lottie is an expert cock sucker she almost managed my whole length and used her throat muscles to stimulate the end of my cock in deep, at one point I said something that made her laugh making her throat vibrate around my head which was sublime.

Next up Lottie was sitting on my face in 69, she said this was her favourite thing along with "a good fuck" I knew the clock was ticking so I stood up to get ready for the climax, Lottie sucker me off some more, deep throating and spitting on my cock making it beautifully sloppy and hard, on with a hood (with her mouth) and Lottie bent over on the bed and invited me to fuck her at the perfect angle to see her from the side in the mirror, I slid inside and Lottie whispered "mmmmmm your hard cock in my cunt!". I carried on fucking her in admiration of how tight and perfect she is, at one point I held myself deep inside her to savour the moment and then slid out almost all the way and back in, Lottie responded with loud appreciative oohs and aahs in that adorable voice. Then I made the mistake of looking down to admire the tight fit of her pussy and her little ass hole open in front of me and I could hold on no longer and came while I pushed deep inside her and she pushed back just as hard. As I came Lottie squeezed her pussy muscles and made them pulsating so it felt like she was milking every last drop out of me. It's amazing how much better I felt compared to 45 minutes earlier!

We had another nice chat as I got dressed bang on time - Lottie is lovely company and doesn't stop smiling. Lottie walked me to the door and gave me a kiss on the lips, the cute maid also came out for a chat and off I went feeling revived and very happy. When I got cleaned up later I realised my arse and balls were still covered in lube and my cock still wet from Lottie's spit - it reinforced the vividness of the great memory I now have.

Lottie told me she'd been at Hod since it started, I've been over 50 times and I can't believe I hadn't discovered her before - I will definitely see her again!

Hod remains the best place in the country by far!
