### The Premises:

### The Lady:

Could have been the same lady in the pictures. She was passable but I did think she lacked class.

### The Story:

Stay away from this escort. I got done hook lime and sinker on Friday night in Birmingham. Maybe because I've been punting for so long I got complacent this is the first time I've been done.

I was stupid but hopefully by me sharing no one else will be.

I called this girl on 07721 484926 early evening Friday to arrange a visit to my hotel that night. She called me back on a blocked number which should have raised my suspicions.

She continued to text me during the evening on the above number to confirm, she was very flirty.

At 11.30pm she came to my room. We sorted the money £300 for two hours and she went to the bathroom. When she came out she said she'd left some of her lingerie in the car and wanted to get it.

She'd arrived with a carrier bag which appeared full of clothes and drink and she said she'd leave that in the room whilst she went back to the car.

Of course she never came back and when I looked in the bag it was a couple of bits of cloth and an old pair of shoes and a Lucozade bottle with water in it.

There was then no reply to my calls.

I was done properly for £300 and hopefully no one else will be so stupid.

The other red flag was that she didn't ask my surname nor did she phone my room. If I'd been in Birmingham another night it would have been easy to set up a sting to catch her.

Be warned.
