The Premises:

Usual Annabella's Flat near John Lewis. Bedroom was a bit small, but enough room to move around.

The Lady:

A real girl next door type, minimal make up and a great body. Pretty Russian girl with perfect English skills.

The Story:

Started with some nice DFK as we undressed each other which progressed to a lengthy session of OWO interspersed with some deep throat action. I had asked for watersports, but Renata stated that she had never done this, but was happy to try when she needed to go, we never got around to trying.

Moved onto a 69, and then back to Renata sucking my cock and balls before I blew my load into her welcoming mouth. She swallowed the lot!

After a long chat about the Tube Strike and the general state of London, we tried to start round two, but time was nearly up and I had to be elsewhere.

I would happily return to see Renata, but would not book a late appointment as I feel that after the first pop she was more interested in how she was going to get home due to the tube strike! Having said that this is true of many girls after a long day in the office.
