The Premises:

Easy to find place in West Swindon, not far from the Oasis centre and cinema hotel complex. Easy to park very close, all free on and off street parking , ideal and not overlooked at all - feel very safe an no one walking around as on a residential estate.

Obviously a rented place, no furniture downstairs and asked to take shoes off as soon as throguh the door. Upstairs is very dark with all curtains drawn, silk sheets , comfy bed.

House looks rough from outside, old curtains and knackered but tidy and well kept inside.

Had to wait in the car on arrival. Had her number and post code but had to ring for the number, was 5 mins early and made me wait those 5 mins to get ready.

The Lady:

A very good looking girl who looks stunning in the full kit (bra, stockings and suspenders). Firm body altho' has had a child, still pretty tight and a superb ass, looks as good as she does in her AW pictures. English isn't great, not her first language but enough to understand what you want.

Probably about 5ft 6 in heels was much taller and nice tan all over. About 25 years old , long soft blonde haor left to fall over. Very tactile

The Story:

Was dubious when saw the state of the house but when inside was pleasantly surprised. She answered door in silk shawl, followed her upstairs and could see her ass and it looked good under the silk dressing gown

Took dress gown straight off and instant erection, she looked amazing in the black stockings and suspenders I asked her to wear in the calls we made to arrange the meet. the exact same as in her AW profile.

Started by french kissing her, OK but wanted to stop too quickly but allowed it for 20 seconds or so, then kissing her neck and started moaning so thought i was doing ok, whipped her bra off and nipples were rock hard and big, sucked but she stopped me sucking to hard but enjoyed nibbling, kissed all over her body with special attention to her lovely ass

Off with the underwear and lay on bed, I was enjoying and she was making all the right noises but when I looked up she was looking at her nails

Stood up and got her to strip me down, after giving the old chap a right good wipe with wet wipes she finally took me in her mouth for a light OWO ,Told me very straight that no CIM, BJ was not bad and got me in the right mood and as soon as I moaned it was on with the condom.

Lay her on the bed and went back down on her, very clean and moaned but again playing with nails

so decided would sink inside her, not that responsive , hammered her pretty hard in missionary with her legs round her ears but not for long enough and I came too soon. It had been a long time...

She offered me a massage which I accepted and was OK, fairly firm but wouldn't play with my ass Offered her a massage, started sat up on the bed and half way thru' she picked up her mobile and SMS someone. Not happy and she apologised, and lay on bed

Carried on with massage and had delight in really working on her lovely ass which got me hard and moved up her so that was prodding her ass firmly with my erection and she said , no anal

hahahahah , had it been the Mrs would have slipped in her right then in either hole.

Turned her over and massaged her front with hands and mouth, nice tits and they respond well to lick and nibble, back down on her and this time she enjoyed it more and played with her own tits so I wet her finger and placed it on her clit whilst my tongue was inside her, which got us both going.

Now she seemed far more responsive and went willingly into a 69 and she played with me very well whilst i tongued and fingered her, she was sucking a lot better this time wioth a firm wank of my hard cock going on. Kept that going for a while as it was getting really good and she was moaning louder but again as I moaned that it was nice she was on with the condom

This time I bent her over the bed and wanted to have a good look at that ass whilst I banged her hard from behind, and not as quick this time and got her close if not actually cum before I whipped the condom off and jerked it over ass and back which she seemed OK with too.

We sat on the bed and chatted and she started playing with me asking if I could cum a 3rd time, Bit I wasn't sure I could , she did try to get him back into action but her phone rang twice whilst she was working me so lost the feeling for it and said my good byes

All in all a good punt, she has a great body and as good as in her pictures, and get your moneys worth just not as responsive and close enough to a girl friend experience as I like
