The Premises:

Usual lovely, clean and well decorated place in CMK. It was safe and there is plenty of parking available. The shower facilities at the premises were also good and clean.

The Lady:

She is in her 20's, 5'3", slim, very fit body, stunning light brown/golden hair and beautiful. She has tattoos but they are not that off-putting in person and the photos on the site are accurate. She looked very sexy in her bra, thong and garter set.

The Story:

I had wanted to see a Brazilian girl and after seeing the recommendations for Roxy decided to see her. Roxy arrived into the room after a couple of minutes with my drink and she looked very beautiful and sexy. After a brief chat Roxy started to take my jeans off as she was eager to suck my cock. After undressing, I lay on the bed while Roxy gave me an enthusiastic blowjob with lots of sucking, some eye contact and also licked my balls. Her technique is quite good and I enjoyed it. I had to ask her to slow down as I didn't want too cum soon.

She asked if I wanted to fuck but I asked to kiss and also lick her pussy. At this point the experience started to go downhill as Roxy said she didn't want to kiss as she had just had her lunch and could still taste the food in her mouth. I was frankly quite disappointed as kissing is essential for a GFE for me. In my opinion a true professional would have used some mouthwash or taken some mints than let it affect the service that is provided.

I then started to play with her breasts and suck her nipples then making my way towards her pussy. Her pussy tasted good; however Roxy said she only wanted me to focus on licking the centre of her pussy than all around as she doesn't always get to have a shower after appointments and so wanted me to focus on particular areas where she could clean up easily.

She then gave me another blowjob which was again very good, enthusiastic with eye contact. We then moved onto sex and she told me to have my legs straight and kept on telling me to position myself correctly. I've been punting for years and never had any issues with other girls and at this

point was quite pissed off with the No's by now. I got the feeling she wanted to get the intimate aspects of the punt out of the way quickly.

However once I had cummed she then was ok. We still had quite some time so she offered me a massage which was to be honest good and firm. It felt relaxing and we had quite a friendly conversation while she was massaging me. She also offered me a shower which I was happy to have, and after dressing we said our goodbyes.

In summary Roxy is beautiful, her blowjobs are enthusiastic and her massage was good, however I feel she let herself down. It is a shame and overall given that this experience lacked GFE I won't be recommending her. I think I will live out my Latina fantasies with someone else.
