The Premises:

Nice location near the centre, plenty of parking. Was a Sunday though so the car park was pretty full. Still managed to find a lot near the house anyway. Plenty of activity in the area, probably again due to it being a Sunday so those who fancy a little bit more privacy might find it a bit uncomfortable.

The house itself was welcoming. Room was clean and nicely decorated, good place to spend 2 hours in the company of a wonderful lady.

The Lady:

Chantelle (Charlie's actual name) is stunning to say the least.

Looks exactly like her photos. Her cute, small, pretty doll-like face really does it for me.

She looks exactly her age or a few years younger even.

Wonderful figure, almost everything about her is just perfect. Tight body, ample breasts, lovely soft hands (I don't usually notice them but hers were so nice to hold it left an impression), beautiful legs, even her feet are cute, soft and flawless.

Real delicate and smooth skin that was really nice to caress and touch.

She seemed a bit self-conscious of her... well I wouldn't say where.. but Chantelle, you are a work of art and I wouldn't have you any other way.

The Story:

It was 200 pounds instead of the usual 240 as Annabella's was offering a discount this month (pleasant surprise as I always book 2 hours anyway).

Chantelle is unbelievably popular, called the day before (at 11am in the morning no less) and I still couldn't get the slot I wanted.

There is a very good reason for that though so you guys better put in your requests early.

I've never left any reviews before but I'm doing it this time cause I think she thoroughly deserves it.

She was on time for the booking and came in this lovely little dress which gave you just a little peek of her cute bum.

Very friendly and warm, she made me feel welcomed from the start which I really appreciated. I don't think I am going to describe everything we did in graphic detail out of respect for the lady but what I can say is everything she did, she's probably one of the very best at it.

Her oral skills are amazing, up there with some of the very best I've had (sorry Chantelle but I've had some really really amazing blowjobs before) but it was her hands that really blew me away. Gave me a really sloppy handjob and that really worked for me, my legs were just twitching and shaking all the time from the combination of her mouth and hands. I don't think I've ever or will ever experience anything quite like that again.

What I really liked about her was how responsive she was to my oral advances and she seemed to genuinely enjoyed it which really turned me on. I was holding her small soft hands in mine while she moaned in pleasure and that moment was pure magic. Im going to remember that for a long time. She told me she actually came and I really hope it was as good as she said it was.

We had sex in a few different positions as well as more oral sex and plenty of massaging each other.

She was very willing to cuddle and kiss at my request which was delightful.

For me physical intimacy of that nature is more important then the sex itself.

She was very polite in asking for massages and kept saying I don't have to if I don't want to.

Seriously though, who can say no to face like that and it was really my pleasure Chantelle.

A really good companion, wonderful oral, great sex, I don't see why anyone would see any other girl.

I'm just devastated that the first time that I meet her is going to be the last as well as I'm leaving the country soon and I can't believe I've never seen her till today.

I'm going to remember her for a very long time and I hope she remembers me too.
