The Premises:

Sauna on main road, reasonably clean. Safe area but public access off street means twitching heads (if you are bothered by that sort of thing).

The Lady:

Alluring attractive Italian origin, dark hair, dark eyes, 5'7 ish in good shape with a lovely arse.

The Story:

During the introductions, it was her eyes which compelled me to select her. Once in the room I discovered she was of foreign origin (Italy, so she said). Paid ?5 over the advertised max rate and got down to it. Ordinary massage with way too much oil. Whole thing began to fall apart. No contact with my knob until she covered him up for a quick lick (certainly no BBBJ on offer), followed by "which position do you want?" She was hoping for instant completion with minimum contact. No pussy licking or any other bodily contact allowed. Her attitude was all wrong and I withdrew without completion and left in disgust. I have had many glorious punts in this place in the last few years and I was saddened to be treated this way. I made the wrong choice, and should have gone with the local girls.
