The Premises:

Nice flat in Covent Garden area. Very accessible. Domestic setting rather than dungeon but a great four poster bed that opens up lots of options. Good selection of toys.

The Lady:

As pretty as a picture, no disappointment here. Lovely figure in all respects with beautiful clear skin. Cultured English rose with a dirty laugh and a completely salacious mind. Really good company and had the cork out of a bottle of fizz before I arrived for this my second visit.

Lots of people have described Louisa as beautiful and intelligent and she is indeed both of those things. However other escorts are beautiful and, ever since Belle Du Jour outed herself as PHD researcher Brooke Magnanti, we ought not be surprised by a sex worker with a brain. So what makes an evening with Louisa so memorable? I think it is that she seems to take constant delight in her own sexuality and this leads her to completely immerse herself in a session. Her responses are natural and unforced and she seemed to be having at least as much fun as I was. And I was having a LOT of fun. No, really... a LOT.

The Story:

I like to switch (though my core kink is Submissive) and our first session had included both elements but in a somewhat unstructured way. This time I took the lead, and we progressed through a series of shared painful and pleasurable sensations, playing with the boundary between those two things. Louisa was terrific. At one point she stopped mid way though wielding a whip at full force to exclaim: "Wow, this is really hot!". I bought her to a shuddering orgasm more than once. As, frankly, a somewhat older guy, to induce such extreme responses from someone as young and vivacious as Louisa was incredibly erotic and, without going too over the top, even life affirming. Just a great session on every level.
