Profile Name: Kinky Alex

Website: <http://kinkyalex.co.uk/>

The Premises:

Beautiful, spacious and very easily accessible flat in the heart of theatreland. The door into the building is huge, wooden and ornately carved and seemed to me to have a kinky vibe all of its own.

The Lady:

No disappointments here. Alex is tall, slim, very attractive, and her legs should have been registered as an area of outstanding natural beauty even before they were adorned with the most incredible artwork. She is intelligent, articulate and very easy to talk to. She has that rare ability to put you at your ease very quickly and I found within a few minutes of meeting her that I felt able to open up about my kinks, likes, dislikes and fantasies.

The Story:

A really great session. I primarily wanted Mistress Alex rather than Submissive Alex but had asked her to "top from the bottom" for part of the session, having me spank her while still being under control. This may be a bit paradoxical for some but it worked really well. The whole session was beautifully paced and really flowed well as she took me through a series of painful and pleasurable sensations, playing with the boundaries between the two. We finished with something of thrashing with a belt exactly as I had asked for. Unlike some who switch, Alex comes across as a committed and totally believable dominant, and the sight (and sensation) of her standing over me with her magnificent legs, swinging a strap as hard as she could, will stay with me for a long time. I have already booked her again and can't wait.
