The Story:

On arriving at Helen's i was greeted with a warm smile and offered a drink which i accepted. We went upstairs and the view from behind was well worth looking at, the bath was already filled and i undressed and climbed in. I had been showered before leaving home but the bath is part of the experience. Helen soaped her hands and gently began to wash my privates, this was done with great dexterity and gave me a lovely warm feeling. After the bath i lay on the massage table and Helen went to work with magical hands teasing me in all the right places. I was also given a body to body massage on my back and played with Helen's breasts and vagina. I was then told to turn over and the caressing on both of us continued including a body to body again and some gentle kissing. I was then brought to a wonderful climax before having a chat and another bath. I left Helen's completely satisfied and did not feel cheated in any way.
