### The Premises:

Some room in an apartment

### The Lady:

ALWAYS wears highly high heels, hotter than hot and she knows this and charming as they get.

### The Story:

This cat knows how to pur! Oh my gosh, I went in there for relaxation and a massage but this new girl on the block had an armory of charm firing at me from the word go, no matter how much I said stop, she took my timid self to a level I have yet to experience with any other girl to speak of. She knows how to talk softly and sweetly, she's got the touch of effeminate woman and she's got the accent of.. well I just carried on touching her supple breasts and earthly body and I hadn't booked her for an extraordinary length of time to explore all her dark sides but I had a great experience with Jhazmin and there's one thing she said to me at the end which makes my affinity to come back to her again and that I won't mention.
