The Story:

Although booked through the AW system Bunny texted me to say that she did not think that the meeting was going ahead. This was due to the fact that I had not called her but I had already emailed to say I would be calling 30 minutes before the meeting as she requested on her website. Consequently I called her when she was extremely rude on the phone and I had to hang around outside for 30 mins whilst she got ready. Eventually got in. She was in a bad mood and did not like the fact I paid her cash from a wallet as opposed to it being in an envelope.(I should of left at this point but had gone to a lot of trouble to arrange the visit). Without going into details I ended up paying £100 to take a shower and talk to her as she was unwilling to perform any of the services listed on the site, no touching nipples,no deepthroat,french kissing and not even allowing me to perform oral sex on her without her hands protecting her pussy.She did say that some punters had slapped her around and refused to pay her in the past and frankly I don't blame them.She did pay me back £40.

Looking at the reviews on the site I can only conclude they refer to a different girl or she has lost the plot

All in all an unbelievably disappointing experience.
