### The Premises:

Adelia shares a flat in a well known (used by many escorts) block 5 minutes' walk from South Kensington tube. This is the third time I've seen an escort in this building - it will be the last. For such a swanky address, the building is showing its age and the flats themselves are far from inspiring. Hate having to walk past Reception (they know EXACTLY what's going on!) Small flat without any shower facilities, not even a towel in the toilet! Small room, sparsely furnished and horror of horrors only a SOFABED for the action. Second time that's happened to me at this address. At my age a little comfort goes a long way.

### The Lady:

Adelia is exactly as per the photos on the website. No photoshop used or needed. She's quite tall, well proportioned, lovely firm boobs, not an ounce of fat and very pretty. Take a good look at the website photos - that's exactly what you're getting! Website claims she's German. Certainly I wasn't disappointed by her appearance.

### The Story:

I arrived exactly on time, and Adelia was ready for me. She answered the door in a see through negligee and panties. She kissed me on the cheek and introduced herself. I asked to use the bathroom (I always like to clean up first and bring toothbrush/toothpaste/soap as I consider it very rude not to be spotlessly clean before we start). First disappointment. No actual 'bathroom'. No chance of a shower. I used the toilet room and cleaned up as best I could. No towel, not a great start. Into the bedroom, paperwork completed and on with the meeting. My preference is start standing and clothed, and spend time kissing, undressing, 'getting to know you'..... for me the anticipation is a turn on. Adelia wanted to be on the bed, naked, very quickly. It was all a bit of a rush. The things on her profile 'likes' list that I'd asked for were all delivered without question. She kisses nicely, OWO was offered without hesitation. (Her list includes CIM, but I hadn't asked for this - I suspect she would have, if I'd wanted). Very soon she was reaching for the condom and then it was cowgirl and over quite quickly. She disappeared to clean up between rounds. Conversation when she came back was fairly slow (her English is fine, but she didn't seem particularly interested in talking)..... in the absence of a good conversation (some Escorts really know how to talk to clients) I soon initiated round two, which was a carbon copy of round one. Let's be fair about this. There was absolutely nothing wrong with this meeting, pretty girl and I got exactly what I'd asked

for. My main complaint was the bed. I know a South Kensington address must cost these girls a fortune, but surely an actual bed, rather than a sofa bed wouldn't be too hard to arrange. When, like me, you're mid 50's a sofa bed is not a turn on. I left well before the hour was up - my choice, I certainly wasn't being rushed by Adelia.
