The Premises:

A really grotty basement flat about a 5 minute walk from Wembley Central station. It was cramped, dirty and had the smallest bedroom I've ever punted in.

The Lady:

A Hungarian lady, about mid 30's, slightly plumpish with B cup breasts.

The Story:

I didn't expect a 5 star location and I knew I was taking a chance on the girl. I was in the area and saw the number. When I walked in I was greeted by this miserable faced lady and taken into the bedroom. I almost walked out, but I paid the fee for a basic topless hand job. She growled at me "No sex?". No way with your attitude! The hand job was very average and her breasts equally so. It was impossible to talk to her because everything I said was replied with a grunt and her surly face. It was a result that I managed to come!

I got dressed as quickly as I could and when walking out I noticed another girl who seemed a lot more civil.

I think I need a change in strategy now. I was quite lucky with the EE girls last year, but this year they've been really bad!
