The Premises:

Lovely apartment with wood floors and spiral staircase. Room functional nothing special. Massage table there too as she does massage only service.

The Lady:

Beautiful tall busty blonde. Not the firmest breasts or flat stomach but in my opinion beautiful.

The Story:

Fantastic experience, probably one of my best as we just clicked. Slow sensual kissing to start. Explored each other's body with our hands. Then I sat on end of bed and she sat on me kissing deeper while I fingered her from behind. She was getting nice and wet. I moved her onto massage table in mish position and ate her out and fingered her more. What she really loved was putting on condom expecting me to have sex but after few strokes I ate her out more and alternated between this. The massage table was perfect height and we both came together in mish. She described it as perfect.

Unbelievable time with truly lovely woman.
