The Story:

Despite Goldie being locked out in the beginning, I opened the door and she greeted me with a kiss and a hug. We dealt with the financials first before we get on with the business.

The business started with her wearing an Ann Summers bra and thong set with sexy white holdups and no shoes on.

When we laid down in bed together, Goldie and I kissed, cuddled and fondled each other before we got nude totally and she sucked my penis with my condom on then I fondled her breasts, sucked her nipples until it got hard then I kissed her vagina before I went inside her then, I had sex with her mostly in any face to face positions and we kissed each other during intercourse. She came during intercourse and I shot my white stuff onto her chest.

After we rested, we did sensate focus technique by touching each others bodies but not the intimate parts then at the late stages, I started touching her breasts and her vagina before I kissed her vagina then I had more erotic encounters by having more sex then I made her orgasm through intercourse and I shot my white stuff onto her body (again!)

Afterwards, I cuddled in Goldie's arms and both had a long chat about various things such as sport, music (Eurovision in particular), flags, travelling and all sorts of things.

Then, as we are about to finish my two hour session, Goldie and I had a nice warm bath together then we got dressed and I had a nice farewell hug before we parted each other's companies.

Thank you so much Goldie and I enjoyed your GFE and this was my first punt in five years.
