The Premises:

A quiet flat in Campbell Park CMK.

On road parking nearby or pay and display and a short walk. Entry phone to ground floor flat, no problems with nosey neighbours.

The Lady:

Another pretty little Chinese girl this week, short, nice bum, big wide smile.

The Story:

She was wearing a baby doll nightie type thing and skimpy panties as I entered the room and after a quick kiss and fondle off they came as did my stuff.

I immediately turned her round to bend over the bed and on my knees got to work on her nice little pussy and bum. I love tonguing the girls and I think Yoko enjoyed it as well

After a while I turned her onto her back and went down on her again paying a lot of attention to her little clitty. I ended up giving her the tongue in pussy and top lip on clitty routine and I'm pretty sure that she orgasmed as a result, but that might be wishful thinking!

On with the jacket and straight in almost to the hilt, she wasn't quite deep enough, and a few exploratory thrusts. Lovely and wet and warm and tight. No surprise that I didn't last long and I blew a load deep inside her.

I love it when an unexpected day off brings an exciting encounter like this.

This is my regular place, although I do go to others I will continue to use this place as it suits my situation as i have a bit of a fetish for asian chicks, and the girls are always good.
