The Story:

I had seen her photos on the website of Spangles and decided the next time she was available I would be visiting Amelia. When I arrived, WOW what a woman, so curvy and with a mesmerizing rack! As a sucker for big tits I've longed to meet women like her and she was so friendly from when I was introduced to her. I commented to her that she looked like porn star, Angel Allwood and if she's checked her out, I think she be pleased with the comparison.

After a shower I was shown to the room to wait for her and she came in all smiles and instantly made me relax, her hands paying firm attention all over my body with a very thorough and competent massage !

The same attention was applied when I was on my back and the menu was discussed and those wonderful tits were so pleasant to play with. We agreed the full personal service for OWO and sex and she her warm mouth paid lots of attention to my stiffening cock. I stood up whilst Amelia squatted down so I could see her lovely face and eyes with and my cheeky hands could grope those tits, which soon had me stiff !

On went the Mac and I bent her over whilst watching me fuck her in the mirror and she leant towards me, so I could cup those tits again and after a few minutes, I could not hold back any longer and I was spent and then we slowed things down till I was drained!

Best punt in a while and I can't wait to go back again, she really is a star!
