### The Premises:

Have visited Ego on and off for the past 5 years. It is well run and I always get a warm welcome. Clean and well furnished with massage table in the room with nice strategically placed mirror where you can watch the action of the masseuse. Plenty of free parking in car park immediately outside. Even the showers are much improved on what they used to be as they no longer run cold when the washing machine is on!

### The Lady:

I am not very good at describing anyone as perhaps my mind is on other things when I go to Ego. However, in my opinion Rachael is really gorgeous. She was wearing the usual massage black tunic, very short and revealing. However, it very soon came off and she was wearing matching pink bra and knickers under but of course they also came off quickly. Rachael has a pretty face which looks lovely particularly when she smiles which she does quite a lot. Her body I could have just stared at if I did not have other things on my mind. Well rounded with an ample bosom but slim stomach with curves again when you get a bit lower. Just my kind of young lady. Photos are accurate but she is even better when you see her.

### The Story:

I have not seen Rachael before but when I saw her I immediately knew I had made the right choice. She is very friendly and welcoming and I immediately felt at ease and relaxed with her. After taking clothes off I lay face down on the massage table while Rachel proceeded to massage my legs, arms and back which was very relaxing. I left my legs lying slightly ajar and I just loved the way her hands, almost as if by accident, occasionally slipped between the tops of my legs with a tender touch, before she continued the more traditional massage. She also has a very sensual touch using her finger tips when she lightly runs them up and down. She stood very close to my face at times and I really enjoyed the close up view of her. Then she climbed on top of the massage table and I was massaged by her lovely breasts - is this what heaven is like? One of the most memorable moments was when Rachael was in front of the mirror and bending over just getting on to the table. The view of her will remain with me forever - it's almost like a photo but not on paper just imprinted on my mind but I will leave the detail to the imagination of anyone who reads this. Anyway, it was then time to turn over. Rachael again used her breasts to great effect as well as her very sensual

massage skills. She had me on the edge several times before I could hold on no longer and the very happy ending happened. Then it was a quick clean up and into the shower. The other thing to say about Rachel is that she is friendly and chatty but does not overdo the talking. As she says there are times when she prefers just to concentrate on what she is doing and I was experiencing so much pleasure I just could not talk. I will definitely be back to see Rachel and still have a smile thinking of my time with her.
