The Premises:

Small but functional. 7 minutes from South Kensington tube. Parking would not be simple

The Lady:

Chubby Japanese girl about 5'5. Absolutely not the girl on the Backpage site or the website given

The Story:

Really really irritated with myself for falling for what seems to be a London Japanese thing - trick the punter in with attractive looking girls on photos then being seen by some seriously plain Jane. Stupidly I didn't just leave when I met her. Didn't have any change so gave her £150 although the price was £120 for which she said that I could have an uncovered BJ. Well I would have thought that was standard anyway! BJ was rubbish. Reverse was tasty but she started to play games and pretended to orgasm. Sex was functional.

So the purpose of this review is to warn folk - Ria on Backpage and the above URL may or may not be the attractive looking girl advertised. I got the dog. Be warned.
