The Premises:

Basement flat near Earl's Court tube. Two superbly equipped rooms with a huge paraphernalia of equipment which are ideal.

The Lady:

I hadn't really done much research and just phoned and made a booking on a whim as I was in the area. If I had done more research I probably would not have gone for Danni as she is older than the WGs I go for - she is probably in her early 40s, slim with a decent pair but not my type.

The Story:

Benburg gets kinky! Went for a scenario where Danni was my secretary and walked into my office to find me playing with myself while wearing stockings! To appease her I had to follow "her" wishes which involved me getting spanked over her knees, tied to the bed whilst she sat on my face and finished with her tossing me off.

To be honest, it was only the third time I had gone for being on the receiving end of light BDSM and it's not really for me so didn't really enjoy this punt. Whilst variety is the spice of life, I much prefer a GFE or even better getting pampered. No reflection on Danni who endeavored to give a good service.

But it was apparent that Danni is a highly skilled practitioner in her art of domination and for those who enjoy such things, or are even curious about dipping their toes in to this side of their punting repertoire, provided that looks wise she is your type, I would recommend but I personally will not return.
