The Premises:

Decent but fairly basic basement flat near Victoria but clean and decent enough for the purpose.

The Lady:

Parissa is a bit chunkier than her photos and would also say that her tits are not as big as the photos would suggest. But facially she is attractive and her body is still firm, tanned and toned so overall is an impressive package with an Amazonian look about her which is always welcome in these parts! Hails from Poland.

The Story:

The session began with Parissa delivering an expert blow job - right suction, coming from different angles, nice contrast with licking and sucking and a "corkscrew" effect with her head movements. In fact, it was too expert and had me finished within minutes as I didn't resist the temptation to hold off and just went with the flow which ended in her mouth! It would have been easy for the punt to come to an end but Parissa delivered a massage (well more of a rub) for much of the rest of the punt before I called it a day at around the 20 minute mark.

Are so many other girls at HOD (which is my default choice in London) and choices in town and I seldom visit London these days so perhaps I won't get the chance to see Parissa again but would be happy for another session.
