The Premises:

Its above a Goldseal Windows on Attercliffe road, walk down the drive and up some wooden stairs. Inside there is a small waiting area where you can view the girls.

The Lady:

In her 20s, about 5 foot 7, olive skin, b/c cup and medium build. Only English she spoke was "I don't speak English" and "no good" so communication is a problem.

The Story:

4 girls on, picked Roxanne because she looked like she had big boobs, turned out to be mostly padding but they were still nice. Once in the room she immediately took out a condom and tried to put it straight on, no warm up no chance to get going. I tried to ask her to wait a bit but she didn't understand. Tried to play with her boobs as a way to slow things down but apparently this is "no good", only her leg seemed to be available to touch. A 30 second BJ followed and then she tried to mount me (about 2 to 3 minutes in and definitely not ready). Managed to get her to stop, was about ready to give up but opted for a hand job instead, again very rushed and a bit painful. Still she did finally let me touch her boobs. Not the best.
