### The Premises:

A very nice house in a quiet area, she is fearful of nosey neighbours but I didn't spot any signs

### The Lady:

As previous FR, about 50, nice slightly enhanced breasts, long legs, friendly and warm

### The Story:

She is very nervous of the neighbours - this doesn't help. Started with a drink and chatting. Every time I wandered to a more sexual conversation she deftly sidetracked it. We settled the business and went upstairs. We undressed - "keep away from the windows" - and then started playing. On with the condom and a suck which finally got me hard but it wouldn't stay hard. All in all a disappointing experience.

If you want to fuck Mrs Robinson or the sexy looking 50 year old in a (gfe) girl friend experience then Helen could be perfect for you, but if, as me, you like the sexy tarty types who like sex, like lots of foreplay and teasing and are uninhibited, then Helen should not be your choice.
