The Story:

I have noticed I dont tend to put up my good visits with ladies and I have had many good ones but always feel obliged to put up negative ones to warn other guys.

Bianca will not kiss I do have a short beard but it is not rough but I get this might not be to all girls taste. I like to take things slow and enjoy the anticipation. Bianca however had my cock in her mouth within a minute of her entering and although she is pretty decent at this I got the impression she was hoping to make me cum quickly. After me coaxing her to slow down she put a condom on me and said you on top you are too big for me to go on top. (I am not small but I imagine there are guys who are more well endowed than me that visit!) I asked to go in doggy after a while and she sighed and said ok just go slow. I knew this was not going well so I just came as quickly as possible and got dressed and left as soon as I could, I could tell she got the message and was trying to be nice but that's how these encounters should begin.

I know she has a lot of positive FR's but I would warn anyone who is average to large to avoid her. The date may not be accurate but it was 2 weeks ago.
