The Premises:

The location is an old corner shop. It's fairly obvious where to go when walking to the entrance.

Parking is excellent, it's a mostly residential area, with no restrictions.

The interior was tired and untidy, but chat with the owner indicates that's on the to-do list.

The Lady:

Paige is a delight. Her pictures are nicely accurate, a beautiful pair of breasts, and a beautiful set of curves whilst still being slim.

The Story:

A delightful welcome by the staff. I turned up on spec, fortunately there was only 1 person in front of me. Whilst waiting, the owner and the receptionist chatted to me and helped put me at ease. For whatever reason, Paige was the only one working today, so there wasn't a lost of choice in who to see.

We started with a quick massage whilst Paige told me the various offers and prices. I figured for a bit extra, the full GFE would be worthwhile.

Turning onto my back, we switched to mutual teasing as Paige worked me up to erect, then expertly applied a condom before fellating me. soon enough, she mounted me, and began riding me with plenty of kisses and tongue play. After a fair time, we swapped and I took the top, enjoying the feel of my cock in her delightful pussy.

All too soon, time ran out and Paige finished me off with a nice handjob - all I'll say is it's a good job my cock was angled away when I came!

I'll be returning sometime to sample the delights of the other ladies...and maybe take a longer playtime.
